

Your Fastening Gateway

ABOUT **BSJ** FASTENERS

BSJ Fasteners Pvt Ltd is an ISO 9001:2015 certified manufacturer specializing in self-drilling, self-tapping, and specialty screws. We offer a comprehensive range of AS3566 Australian Standard screws in various coatings for steel, timber, and UPVC fixing applications. Our products are engineered to withstand diverse environmental conditions with SST life ranging from 50 to 1000 hours.

WHY CHOOSE **BSJ** FASTENERS ?

At BSJ Fasteners, we're dedicated to meeting manufacturing needs in the world's fastest-growing economies. Here's why you should choose us:

-  **SWIFT PERFORMANCE:**
Our fasteners deliver fast and stable drilling performance.
-  **CONSISTENT QUALITY:**
Each product meets exacting quality standards.
-  **TAIWANESE TECHNOLOGY:**
Made on automatic Taiwanese machinery for precision.
-  **IN-HOUSE CONTROL:**
Rigorous quality control ensures reliability.
-  **COMPETITIVE PRICING:**
High-quality fasteners at reasonable price.

Unique Features

Falcon® Point

- S Swirl - Pinpoint Drilling
- Raised Edges
- 30% Faster

AS3566 Australian Standard Hex Flange

- High Hex Length
- Wide Coverage
- Thick Flange Wall

BSJ-Black Premium EPDM Washer

- Thick EPDM Washer
- Perfect EPDM Hardness

Surface Treatment

Anti-corrosion premium zinc finish and Xylan coating with SST life ranging from 50 to 1000 hours.

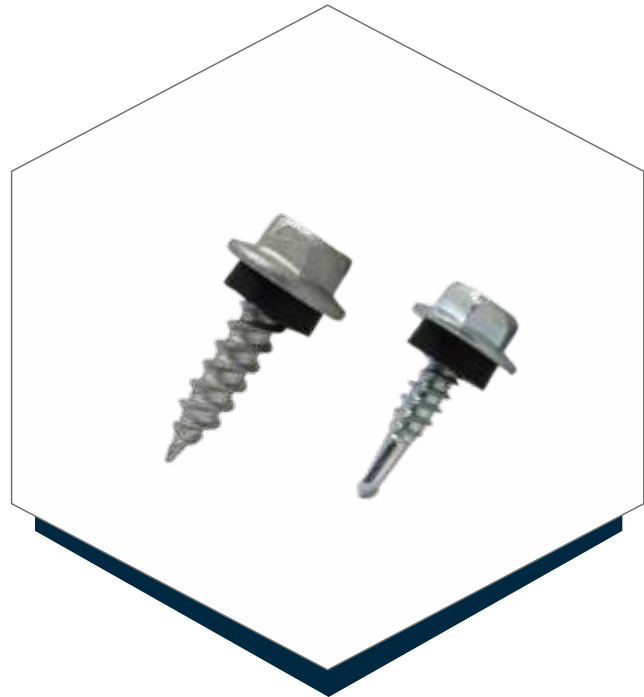

METALX®

(Carbon Steel Self Drilling Screws)

Stitching Fasteners

Product Features:

- 12.5mm hex washer flange
- Ultra-sharp needle point
- BSJ-Black premium EPDM washer
- Max 1+1mm thick steel penetration
- SURFACE FINISHES-ZINC AND XYLAN

Valley Fixing Fasteners

Product Features:

- 14.5mm hex washer flange
- Falcon® No.3 drill point
- BSJ-Black premium EPDM washer
- Max 6mm thick steel penetration
- SURFACE FINISHES-ZINC AND XYLAN

(Carbon Steel Self Drilling Screws)

METALX[®]

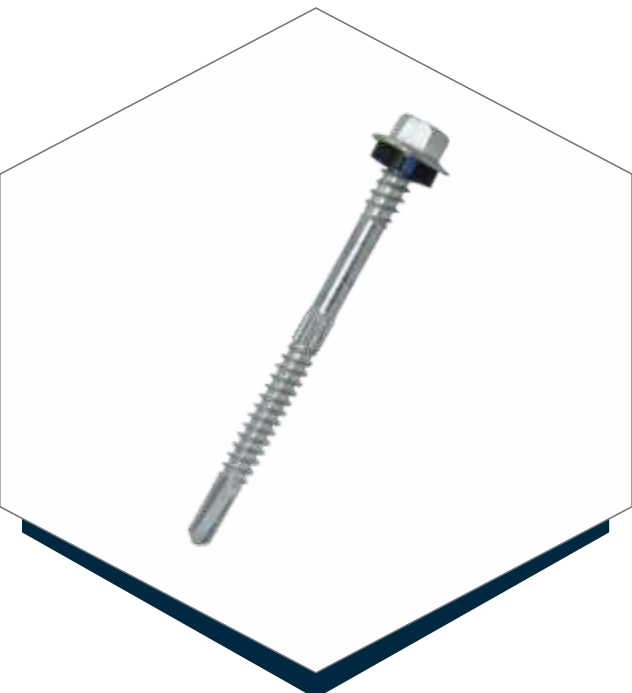

Crest Fixing Fasteners

(Full Thread)

Product Features:

- 14.5mm hex washer flange
- Falcon[®] No.3 drill point
- BSJ-Black premium EPDM washer
- Max 6mm thick steel penetration
- SURFACE FINISHES -ZINC AND XYLAN

Crest Fixing Fasteners

(Double Thread)

Product Features:

- 14.5mm hex washer flange
- Falcon[®] No.3 drill point
- Scratch-shank
- BSJ-Black premium EPDM washer
- Max 6mm thick steel penetration
- SURFACE FINISHES-ZINC AND XYLAN

COLORX®

(Carbon Steel Self Drilling Screws)

Product Features:

- Color-coated head to match roofing sheets
- UV resistant
- Ultra shine

FRAMEX®

(Carbon Steel Self Drilling Screw)

Product Features:

- 45-degree CSK head
- Ph2 Phillips drive
- Deep drive
- Max 2+1mm thick steel penetration
- SURFACE FINISHES - ZINC AND XYLAN

CHIPBOARD SCREW

(Carbon Steel
Fastener for Timber)

Product Features:

- Saw thread
- Enhanced wood cutting capacity
- Ph2 Pozi Phillips drive
- Ultra-sharp needle point
- SURFACE FINISH-ZINC

DRYWALL SCREWS

(Carbon Steel
Fastener for POP)

Product Features:

- Fine thread
- Ph2 Phillips drive
- Deep drive
- Ultra-sharp point
- SURFACE FINISH-Black phosphated
